Provided that the distributing licensees so supplied in bulk shall not be at liberty to supply to any one consumer energy exceeding 100,000 units per annum unless with the permission in writing of the licensees. But if such permission is refused, such consumer shall be supplied direct by the licensees.

B. Direct consumption—

(1) To large consumers;

(2) To small consumers:

Provided that the licensees shall not be at liberty to supply energy to small consumers within the area of supply of a distributing licensee who takes bulk supply from the licensees without the consent in writing of such distributing licensee. But if such distributing licensee fails or is unable to supply energy to any small consumer within his area the licensees may proceed to supply to small consumers in such area without any such consent.

(*2*) By way of exception to section 22 of the Act, it is hereby expressly declared:—

Firstly, the licensees shall not be under any obligation to supply energy to any small consumer.

Secondly, no large consumer shall be entitled to a supply of energy by the licensees unless such large consumer shall not only have complied with the conditions and provisions of section 22 of the Act, but also with the conditions and provisions of clause IX to the schedule to the Act (as varied by clause 10 of this license) as if that clause applied to large consumers as well as to distributing licensees. The proviso to clause 10 (*5*) of this license shall, however, apply to any distributing licensee taking supply in bulk at the date of the grant of this license.

Conditions of supply and rates to be charged.

6. Within six months from the date of this license, the licensees shall submit to the Local Government a statement of the terms and conditions which they propose to make to regulate their relations with persons who are or who intend to become consumers. Within the same period, the licensees shall give notice, by public advertisement, in such a manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of any such change to the Local Government and the local authorities concerned and every consumer of energy who is supplied by them.

The pressure stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the rules for the time being in force made under the Act, throughout the areas of supply:

Provided that the licensees may from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitation and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

9. (*a*) The option of purchase given by section 7 of the Act shall first be exercisable on the 20th day of February 1970 and on the expiration of every subsequent period of twenty years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of section 7 of the Act) of lands, buildings, works, materials and plants of the licensees shall, in accordance with the said section, be twenty per cent.

(*b*) In accordance with section 3, sub-section (*2*), clause (*d*) (*2*) of the Act, it is hereby declared that the generating station referred to in clause 4 of this license or any other generating station or stations to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(*c*) After notice shall have been given as prescribed in section 7, sub-section (*4*) of the Act, all extensions and outlays of money debitable to the capital account of the licensees during the last two years of the period of such notice shall be subject to the previous approval of the Local Government.

Variations from the Schedule to the Act.

10. In pursuance of section 3, sub-section (*2*), clause (*f*) of the Act, it is hereby expressly declared that clauses 1, IV, V, VI, VII, VIII, X, XII and XIII of the Schedule to the Act shall be excepted from incorporation in this license and clause IX shall be varied or modified as follows:—

(*4*) By adding after the word "point" in sub-clause (*1*) (*a*) the words "being one of the bulk-licensee's sub-stations."

(*5*) The licensees shall be at liberty to impose on any agreement thereunder entered into with a distributing licensee a condition that such distributing licensee shall not supply to any one of his consumers more than 100,000 units per annum, without the written consent of the licensees:

Provided always that in the case of any distributing licensee who has already entered into any agreement or contract with the licensees during the existence of the previous license (Bhatpara Electric License, 1920), the provisions of clause IX as aforesaid shall not be applicable so long as such agreement or contract remains in force.

Securing continuity of supply.

11. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 12 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assignees) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of Trade Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

12. If the licensees shall in the opinion of the Local Government have failed to give such immediate and full information as is required in clause 11 hereof or if at any time any interruption of the supply shall occur which in the opinion of the Local Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of the Local Government fail to comply with any of the provisions of any of the clauses of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

STATEMENT OF OBJECTS AND REASONS.

During the past year certain Indian industries which under normal conditions could not fulfil the conditions prescribed by the Indian Fiscal Commission for the grant of substantive protection have been subject to competition of an exceptional nature which has proved a menace to their continued existence. After full consideration of the case for each of the industries concerned it is proposed to afford assistance by the imposition of minimum specific duties applicable against all countries.

2. In fixing the levels of the proposed minimum specific duties the following considerations have been kept in mind :—

(*a*) the necessity for adequately safeguarding the Indian industry concerned, and

(*b*) the desirability of avoiding as far as possible any increase in the *ad valorem* incidence of the duties on goods the competition from which does not constitute danger to Indian industries.

24-Parganas.—No. 212P.H.—26th January 1934.—The following draft of rules, which, in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Public Health) propose to make for the regulation of the supply of filtered water to private premises for domestic purposes in the South Dum Dum Municipality, in the district of the 24-Parganas, are published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th March 1934, and any objection or suggestion received by the undersigned before that date will be duly considered:—

Draft Rules regulating the supply of filtered water to private premises for domestic purposes in the South Dum Dum Municipality.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-suply, they may allow any owner or occupier of any holding paying water-rate imposed under the provisions of Chapter V of the Bengal Municipal Act, 1932, on the annual value of such holding when such annual value is not less than Rs. 200, to lay down communication-pipes from the service-pipes or from the mains passing through the jurisdiction of their municipality for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the municipal office.

2. A fee of Rs. 100 must be paid to the Commissioners by such owner or occupier for each connection to a main supply pipe or a common communication-pipe laid in accordance with rule 3 before any work is commenced: such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below each holding must have a separate connection, and extension from the communication-pipe of one holding to another holding shall not be permitted:

Provided that with the consent of the Commissioners at a meeting connection to two or more holdings may be permitted for a common communication-pipe. Any such communication-pipe must be laid in a road, lane or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding:

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alteration in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*2*) No work shall be carried out under sub-rule (*1*), except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts or fittings:—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe;

(*b*) a galvanized iron communication-pipe from the ferrule to the meter;

(*c*) a stop-cock and its surface box;

(*d*) a meter;

(*e*) service-pipes from the stop-cock to the taps; and

(*f*) taps.

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners, and approved of by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(*3*) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard pattern, he must present such fitting for the approval of the Chairman, and any fittings, so presented, may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation of holding.	Size of ferrule.	Diameter of communication-pipe.	Number of taps.
Rs. Rs.	Inch.	Inch.	
From 200 to 599	½	½	1 tap.
„ 600 to 1,199	¾	¾	2 taps.
„ 1,200 to 2,399	7/8	¾	3 „
„ 2,400 and over	1	1	4 „

Provided that the Commissioners may, for special reasons, on the application of the owner or occupier of a holding of an annual value of Rs. 6,000 or more, allow the following:—

Size of ferrule.	Diameter of communication-pipe.	Number of taps.
Not more than 1 inch	1 inch	4

10. The holding connection when fitted in position, must be capable of standing a pressure of 150 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (*1*) On every communication-pipe a brass or gun-metal stop-cock, having the same water-way as such pipe, shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

12. (*1*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter shall be built or fixed in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of the box shall remain under the control of the Chairman.

(*3*) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

(*4*) Neither the stop-cock nor the meter must be placed in any private premises.

13. The Commissioners shall depute an authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

14. In the event of a meter ceasing to register, the quantity of water consumed during the period the meter had stopped to register shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

15. (*a*) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules, shall be entitled to a supply of 1,150 gallons of water per quarter for each rupee paid by him for the premises in water-tax.

(*b*) For all water in excess of the amount allowed under clause (*a*), such owner or occupier shall be charged at the rate of Re. 1-4 per 1,000 gallons.

16. If the owner or occupier of any holding which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a period of fourteen days after he has been served with a notice of demand for the same, the Commissioners may at any time after the expiration of that period and without any further notice, disconnect any pipe forming part of the connection made in respect of such holding and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "screw down." Every tap shall be at least three feet above the surface of the ground beneath.

18. The municipality will not be held responsible for any cessation or disconnection of water to private or public pipes for causes beyond its control.

19. Rule No. 1, so far as it relates to addition or alteration to an existing water supply, and rules Nos. 2, 5, 13, 14, 15, 16 and 18 shall, notwithstanding anything contained herein, apply to connections given prior to the issue of these rules.

20. No cistern, tank or reservoir of any description, which is intended to be supplied with water from the municipal waterworks, shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. The ball-cock will count as one tap for the purpose of rule 9.

Miscellaneous.

RESOLUTION No. 702 Mis.

The 2nd February 1934

Redistribution of "local holidays" in Bengal and concurrent modification of orders regarding "special holidays" on certain festivals.

The need for a redistribution of local holidays between the festivals of different communities was represented to Government and has been under their consideration for some time. By "local holidays" is meant the various holidays on account of religious festivals, not exceeding seven per annum in any district, which are granted to all the Government servants in a district over and above the public holidays (sometimes called "Act" holidays) prescribed for the whole of the province under the Negotiable Instruments Act and the holidays for Government offices (sometimes called "non-Act" holidays) prescribed for the whole of the province by the Local Government. The Governor in Council and acting with his Ministers has adopted the view that local holidays should, according to the particular circumstances of each district, be given for the following Muhammadan festivals, and that, as far as possible, a corresponding reduction should be made in the existing number of local holidays for non-Muhammadans festivals:—

(1) Fatiha Duazdaham	...	1 day
(2) Shab-i-barat	...	1 day
(3) Muharram	...	1 day

After consulting local officers, Government have decided that the local holidays allowed in the various districts in Bengal shall in future be as shown in the attached statement.

2. In consequence of the above decision, it became necessary to review the number and distribution of existing special holidays for Muhammadan Government servants. By these "special holidays" is meant the occasions on which Muhammadan Government servants throughout Bengal, as distinct from non-Muhammadan servants, are allowed to take a holiday in connection with a Muhammadan festival. These at present are as follows:—

Muharram	...	3 days
Shab-i-barat	...	1 day
Id-uz-zuha	...	1 day
Akhiri Chahar Shomba	...	1 day
		6 days

It has now been decided that in future the arrangements regarding special holidays for Muhammadan Government servants shall be as follows:—

(*a*) As there are now two Act holidays for the Id-uz-zuha, the special holiday on account of the Id-uz-zuha is withdrawn.

(*b*) In those districts in which a local holiday is allotted to Shab-i-barat the special holiday on account of this festival is withdrawn.

(*c*) The special holiday on account of the Akhiri Chahar Shomba is retained, except in the district of Darjeeling where already it is a local holiday.

(*d*) The number of special Muharram holidays shall be—

(1) for Sunni Muhammadans—one day in those districts in which a local holiday is not granted for the Muharram;

(2) for Shia Muhammadans—

(i) two days in districts in which a local holiday is granted;

(ii) three days in districts in which a local holiday is not granted.

3. These orders will take effect immediately. Consequential amendments to rules 253 and 254 and Appendix I of the Bengal Practice and Procedure Manual will issue in due course.

ORDER.—Ordered that this Resolution be published in the Gazette and that copies be forwarded to all departments of Government and subordinate offices for general information.

D. GLADDING,

Secretary to the Government of Bengal.

And whereas We are minded to make certain further amendments to the said Royal Warrant of the seventh day of July, one thousand nine hundred and nine:

Now know ye that We do by these Presents for Us, Our Heirs and Successors abrogate the second, third, fifth and sixth clauses of the said Royal Warrant of the seventh day of July, one thousand nine hundred and nine, and the whole of the said Royal Warrant of the third day of October, one thousand nine hundred and sixteen, and in lieu thereof We Ordain that the following clauses shall be substituted:

Secondly.—It is ordained that the King's Police Medal shall consist of a circular Medal of Silver with Our Effigy on the obverse, and shall bear on the reverse a design emblematic of Protection from danger and the words "For Gallantry" or "For Distinguished Service," as the case may be, and on the rim the name of the person to whom the Medal has been awarded.

Thirdly.—It is ordained that the Medal shall only be awarded to those of Our Faithful Subjects and others who, being members of a recognised Police Force or of a properly organized Fire Brigade within Our Dominions or in Territories under Our Protection or Jurisdiction, have either performed acts of exceptional courage and skill or exhibited conspicuous devotion to duty; and that such

award shall be made only on a recommendation to Us by Our Principal Secretary of State for the Home Department.

Fifthly.—It is ordained that each Medal shall be suspended from the left breast, and the riband, of an inch and three-eighths in width, shall be dark blue with a narrow silver stripe on either side and a similar silver stripe in the middle; and that in the case of awards for acts of exceptional courage each silver stripe of the riband shall contain a thin red line down the middle.

Sixthly.—It is ordained that any act of gallantry which is worthy of recognition by the award of the King's Police Medal, but is performed by one upon whom the Decoration has already been conferred, may, on a recommendation to Us by Our Principal Secretary of State for the Home Department, be recorded by a Bar attached to the riband by which the Medal is suspended. For every such additional act an additional Bar may be added and for each Bar awarded a small silver rose shall be added to the riband when worn alone.

Given at Our Court at *Saint James's* the *Twelfth* day of *December*, 1933; in the Twenty-fourth Year of Our Reign.

(*c*) which contains any words, signs or visible representations which—

(*i*) incite to or encourage, or tend to incite to or to encourage, the commission of any offence of murder, robbery or dacoity, or any offence punishable under the Indian Arms Act, 1878, the Explosive Substances Act, 1908, or under sections 121, 121A, 122, 124, 144, 148, 324, 326, 329, 332, 386, 399, 400, 402, 435, 436, 440 or the second paragraph of section 506 of the Indian Penal Code; or

STATEMENT OF OBJECTS AND REASONS.

The Bill seeks to supplement the existing criminal law so as to enable the Local Government to grapple more effectively with the terrorist movement. Some of the clauses are of a deterrent nature, but most are preventive and are the outcome of an endeavour to prevent the recruiting of young persons to the movement and to enlist the assistance of parents and guardians in saving those for whom they are responsible from being debauched by the terrorist groups.

2. It is proposed to provide the penalty of death for certain offences under the Indian Arms Act, 1878, and the Explosive Substances Act, 1908; to make certain additions to the cases in which security can be demanded and the security or press can be declared forfeited under the Indian Press (Emergency Powers) Act, 1931, to prohibit the publication of information notified by the Local Government as tending to create an atmosphere favourable to recruitment to the terrorist movement; to make the Bengal Criminal Law Amendment Act, 1925, and the Bengal Criminal Law Amendment Act, 1930, permanent; to make provision for the dictation of evidence by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, and Special Magistrates under the Bengal Suppression of Terrorist Outrages Act, 1932; to shorten the procedure in trials before Special Tribunals where absconders who might have been tried jointly with others are apprehended during the process of a trial or after its conclusion; to empower District Magistrates to restrain the movements of persons under the age of 21 years found consorting with terrorist suspects; to penalise the possession of certain classes of literature; and to empower District Magistrates to restrict the activities of associations which encourage the commission of crimes of violence or intimidation.

R. N. REID,
Member-in-charge.

CALCUTTA;
The 5th January, 1934.

Notes on Clauses.

Clause 3, sub-clause (1).—Powers were taken by the Bengal Criminal Law (Arms and Explosives) Act, 1932, to enhance the punishment for offences under clauses (*c*), (*e*) and (*f*) of section 19 of the Indian Arms Act, 1878 (unlawful importation or exportation of arms; going armed unlawfully; having unlawful possession of or control over any arms, ammunition or military stores), when the offences committed were in respect of certain weapons commonly used in the commission of terrorist outrages. The proposed amendment brings the punishment for offences under clause (*a*) of section 19 of the Indian Arms Act, 1878 (manufacture, conversion or sale of arms, ammunition or military stores), into line with that for offences under clauses (*c*), (*e*) and (*f*) under the same conditions. The necessity for this provision will be found in the fact that several cases of use of countrymade arms by terrorists have recently come to the notice of Government.

Clause 3, sub-clause (2) and clause 4.—The purpose of these amendments is deterrent, *i.e.*, to provide for the sentence of death, as an alternative punishment for certain offences under sections 19-A and 20 of the Indian Arms Act, 1878, when tried by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925. The sentence of death is confined to offences committed in circumstances indicating that the offenders intended to use the arms for the commission of murder or abetment of murder or knew it to be likely that the arms would be so used.

Clause 5 amends section 5-A of the Explosive Substances Act, 1908, and provides for the sentence of death as an alternative punishment, for offences under sections 3, 4 and 5 of that Act when tried by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925.

Clause 6.—Proposed new section 2-A in the Indian Press (Emergency Powers) Act, 1931, gives power to the Local Government to prohibit either absolutely or subject to such conditions and restrictions as may be specified, the publication of any class of information which, in the opinion of the Local Government, tends to create an atmosphere favourable to recruitment to the terrorist movement. The experience of the Local Government is that while, since the passing of the Indian Press (Emergency Powers) Act, 1931, direct encouragement of murder or violence has perforce been abandoned, recourse is still freely had to indirect methods such as the expression of undue concern and sympathy for detenus in the Detention Camps and convicts in the Andaman Islands, commemoration of terrorist convicts and detenus, and the publication of laudatory accounts of revolutionary movements in other countries all of which are bound to have the effect of putting revolutionary ideas into the susceptible minds of the young.

In new section 2-B it is proposed, as a measure of precaution, to take powers to prevent the publication of the names of witnesses in cases before Special Tribunals and Special Magistrates.

Clause 7 amends section 4 of the Indian Press (Emergency Powers) Act, 1931, in order to make the provisions of that Act relating to demand of security and forfeiture of the security or the press applicable to publication of information in contravention of the orders of the Local Government under proposed section 2-A or of the provisions of proposed section 2-B.

Clauses 8 and 12 repeal the provisions by which the duration of Bengal Criminal Law Amendment Act, 1925, and Bengal Criminal Law Amendment Act, 1930, was fixed at ten and five years respectively, and make these Acts permanent. The terrorist conspiracy has unfortunately long gone past the stage when it can be regarded as an ephemeral movement, and experience, too, has shown that there is not the smallest doubt that temporary legislation keeps alive the hope in the minds of those concerned in the revolutionary conspiracy that Government will before long be deprived of their power to continue against them the special measures which they from time to time put in force. It is essential that the legislation which it makes necessary should be not temporary but permanent.

Clause 9 is consequential on clause 11.

Clause 10.—Proposed new section 7-A of the Bengal Criminal Law Amendment Act, 1925, provides for the trial jointly with persons already under trial of a person who surrenders or is arrested after the commencement of the trial and authorises the admission of evidence already recorded in the trial in favour of, or against, such person. A similar position as to the admission of evidence is made in the case of persons who surrender or are arrested and tried after the conclusion of the trial in which the evidence was recorded. The section provides that the Commissioners shall not be bound to recall a witness who has given such evidence unless they are of opinion that his recall is necessary in the interests of justice. The necessity for this provision lies in the fact that in recent years the conducting of the various supplementary trials of important terrorist conspiracy cases has involved great waste of public time and money without in any way conferring any real benefit on the accused.

Clause 11.—Proposed new section 9-A of the Bengal Criminal Law Amendment Act, 1925, provides for the dictation of evidence in narrative form in any trial by Commissioners appointed under this Act. This is based on past experience. The object is to lighten the work of the Commissioners who usually have to handle voluminous evidence, and thereby speed up the trial.

Clause 13.—Proposed new section 2-A of the Bengal Criminal Law Amendment Act, 1930, gives power to District Magistrates to restrict the movements of persons under the age of 21 years found consorting with members of terrorist associations on the same lines as the Local Government is empowered under section 2 (*1*) of this Act. The necessity for this provision is two-fold. First, under the law as it stands no action can be taken until a person has actually become a member of an organisation or so corrupted that his redemption is beyond the powers of his parents or guardians. The proposed section gives power to take action at an earlier stage, viz., when a young person is found "consorting with" terrorist suspects. Secondly, under the existing law all restrictive orders have to be passed by the Local Government. It takes time for the Local Government to issue orders and it often happens that, the association in jail during the intervening period of the person proceeded against with confirmed terrorists necessitates the imposition of severe restraint than would have been necessary at an earlier stage. The new section is intended to give a District Magistrate power to take prompt action at an early stage to prevent a young person being drawn into the terrorist net. It gives power to District Magistrates to take action without reference to the Local Government, but after consultation, where practicable, with parents or guardians. The provisions relating to parents and guardians have been introduced with the definite aim of securing the support of those who are anxious to save their children from corruption.

Clauses 14 and 16.—Proposed new sub-section (*2*) of section 3 and new sections 6 and 6-A of the Bengal Criminal Law Amendment Act, 1930, are intended to tighten the law against absconders. Under existing section 3 of this Act, a person is held to have received "due notice" of an order issued under section 2 (*1*) when it is served in the manner provided in the Code of Criminal Procedure for service of a summons. Under existing section 6, a person can be punished for disobedience of any direction in such order only if it can be proved that he disobeyed it "knowingly and wilfully." In practice section 6 has been a dead letter in the case of absconders, it being ordinarily impossible unless the order has been personally served to furnish proof of the knowledge and intention required by the law. At the same time, in the case of terrorists it is well-known that they abscond only in order to commit or instigate the commission of a crime. Proposed sub-section (*2*) of section 3 empowers the Local Government, in cases in which it is not possible to secure personal service of an order, to issue a notification calling upon the absconder to appear and receive the order. Publicity to such a notification will also be given by publication in the press. Non-compliance with any direction contained therein will make the absconder liable to certain penalties, unless he can prove that he had no knowledge of the notification.

Proposed new section 6 provides for penalties for breaches of orders under sections 2, 2-A and 3 of the Act. It will be observed that the penalty for breach of any order under section 2 (*1*) is to be increased from two years' to seven years' imprisonment and

that persons who by absconding seek to evade such orders will be similarly punishable. The provision of a penalty of seven years' in such cases has been shown by experience to be necessary. Orders under the Bengal Criminal Law Amendment Act are issued only in the interests of the public safety and breach of them or failure to comply with them are very serious offences. Experience has shown that persons who abscond do so only in order to commit a crime. The existence of a heavy penalty for so doing should therefore have a deterrent effect and may also act as an inducement to parents and guardians to assist in tracing their offspring or wards. Proposed new section 6-A provides for realisation of fines in certain cases from parents or guardians with the object of compelling them to discharge their responsibility towards their wards.

Clauses 15 and 17 are consequential.

Clause 18.—Proposed new section 10-A gives power to the District Magistrate to suspend or cancel any order under section 2-A (*f*) and other powers similar to those exercised by the Local Government under section 10 of the Bengal Criminal Law Amendment Act, 1930.

Clause 19 amends section 12 of the Bengal Criminal Law Amendment Act, 1930, to make the grant of a family allowance discretionary instead of obligatory.

Clause 20 is consequential.

Clause 21 is consequential on clause 26.

Clause 22 is consequential on clause 13.

Clause 23.—Proposed new sections 11-A, 11-B and 11-C of the Bengal Suppression of Terrorist Outrages Act, 1932, give power to the District Magistrate to prevent the use of places by associations which encourage or aid persons to commit acts of violence or intimidation. It has been found that *akhras*, clubs, gymnasia, etc., ostensibly established to promote mental or physical culture, are often dominated by members of terrorist groups and actually form the main recruiting ground of terrorists.

Clause 24 is consequential on clause 23.

Clause 25.—Proposed new section 33-A of the Bengal Suppression of Terrorist Outrages Act, 1932, lays down that in any trial under this Act, the Special Magistrate may dictate evidence in narrative form in the same way as Commissioners under the Bengal Criminal Law Amendment Act, 1925 (clause 11).

Clause 26.—Proposed new Chapter III of the Bengal Suppression of Terrorist Outrages Act, 1932, penalises the possession of certain specified classes of literature. It may be observed that no complaint shall be made in such cases unless the Local Government or a District Magistrate duly empowered in this behalf by the Local Government is satisfied that the literature tends to further or encourage the terrorist movement or the commission of any offence in connection with that movement. Circulation of terrorist literature to young and immature minds forms an important item in the *modus operandi* of the recruiting agents of the terrorist groups and there has of late been a progressive increase in the circulation of such literature to make up for enforced inactivity in other directions.

Read—

Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1932-33.

I—Civil Veterinary Department.

The year under review was unfortunately one in which the incidence of rinderpest—the most serious form of cattle disease—which appears in epidemic form in cyclic periods, was high. This periodic rise which began in 1931 has not shown signs of decline yet.

2. The usual programme of preventive inoculation by the "serum-alone" method was carried out with success and 748 outbreaks dealt with. The number of deaths amongst cattle so inoculated was only 0·5 per cent. of the total. It is established that "serum-simultaneous" inoculation confers long immunity, but its costliness precludes a general application of this method. The Veterinary Disease Investigation Officer, who was appointed in December 1932 under the scheme sanctioned and financed by the Imperial Council of Agricultural Research, is now engaged in working out the best method of applying the "serum-simultaneous" method of immunisation and its modification for application under field conditions in rural Bengal. Until a solution of this problem is found and it is possible to reduce the *per capita* cost of protection against rinderpest, the ordinary "serum-alone" method of inoculation must continue to be practised.

3. The inadequacy of facilities for veterinary aid in the ordinary care of animals in the mufussal has been noticed in previous resolutions. The increasing number of patients treated in the villages and at the hospitals and dispensaries is a sufficient indication of the appreciation by the public of the usefulness of these institutions. Attention has been rightly drawn by the Veterinary Adviser in his report to the pressing necessity for the establishment of regular dispensaries for affording facilities to the raiyats for treatment of their cattle nearer their homes. It is interesting to note that preliminary steps have been taken for the installation of kelvinators for the cold storage of serum in the Mymensingh and Chittagong Veterinary hospitals.

The district board of Dacca is to be congratulated on working out a scheme for the employment of itinerant veterinary assistant surgeons in collaboration with the union boards, which, it is hoped, will be given effect to shortly. The Minister-in-charge will watch with interest the result of this experiment.

4. His Excellency acting with the Minister-in-charge notices with pleasure the names of officers of the department who did good work during the year and desires to acknowledge also the efficient way in which Mr. Kerr discharged his duties.

II.—Bengal Veterinary College.

5. The popularity of the college, which is the only institution in Bengal for the training of veterinary practitioners, continued; there was an increase in the number of applications for admission from various parts of India and from outside it, and the number of entrants from Bengal is also on the increase. The number of stipends awarded by the district boards in the province has fallen from 18 in 1931-32 to 15 in the year under review.

6. It is satisfactory to note that the Raymond Research Laboratory has maintained its record of good work during the year under review.

7. As usual the Principal's report contains an interesting record of the activities in various branches of the college and hospital which conduce to the usefulness of the institution. At the same time every effort is being made to increase receipts and effect economy in expenditure.

8. The Governor acting with the Minister-in-charge is pleased to acknowledge the care and attention which Mr. MacGregor devoted to the administration of the college, and would also record his appreciation of the manner in which the Committee of Management conducted their work. The names of the members of the college staff who did good work during the year have been noted.

Resolution on the Annual Administration Report of the Department of Industries, Bengal, for the year 1932-33.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Industries.

CALCUTTA, THE 2ND FEBRUARY 1934.

RESOLUTION—No. 628 IND.

Minister-in-charge: The Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur.

Read—

The Annual Administration Report of the Department of Industries, Bengal, for the year 1932-33.

Mr. A. T. Weston held charge of the department throughout the year. The death of Mr. A. J. Nathani, late Principal, Government Weaving Institute, Serampore, removed from the ranks of the superior staff of the department a young energetic officer who had shown much promise during the short period he held the post.

2. There was practically no change, during the year under report, in the financial condition of the province as a result of the abnormal economic situation caused by the world-wide trade depression to which reference was made in the previous year's review. While this, unfortunately, resulted in the restriction of activities of this department in some directions, Government (Ministry of Industries) have noted with approval that the activities in the different sections of the department, viz., chemical, engineering, technical education, tanning and weaving received due attention within available resources.

3. As stated in the report, the outstanding achievement of the year was the inaguration of a comprehensive scheme of industrial development. The scheme provides facilities, in suitable centres of the province, for training middle class young men in local and indigenous industries, the products of which are in universal use and have already a market all over the province, the object being to give unemployed youths an opportunity to be trained in the new and improved processes of the more important cottage industries which will afford them remunerative occupation. As the success of the scheme largely depends on the guidance and support of the district officers and active public co-operation, District Advisory Associations, consisting of representatives of district boards, local Government officers and public spirited gentlemen in the district, have been formed, since the close of the year under review, in certain districts of each division.

It is gratifying to observe that reports received since the close of the year shew that as a result of the training imparted by these demonstration parties some factories have actually been started, while some others are expected to be opened shortly.

Government also notice with satisfaction that a large number of young men trained in previous years in certain small industries are making a living out of them.

4. The Bengal State Aid to Industries Act which was brought into force during the year under report is another measure which is mainly intended to foster the development of small and cottage industries and is also expected indirectly to assist in the solution of the problem of middle class unemployment. While Government are fully alive to the necessity of making adequate provision for financial assistance under the Act, the present condition of provincial finances has so far stood, as elsewhere, in the way of this being done. With a nucleus of contributions received from some public spirited gentlemen of the province, a local fund under the name of the Bengal State Aid to Industries Act Fund has, however, been created since the close of year, the assets of which now stand at Rs. 54,000. This fund will to a certain extent enable deserving applications for assistance received from industrialists to be dealt with in accordance with the provisions of the Act. Government have taken up the question of provision of further resources for the same purpose.

5. Another matter of importance is the issue by Government of revised rules for the supply of articles required to be purchased for the public service, the underlying principle of which is development of the industries of the country to the utmost possible extent consistent with economy and efficiency and which also provides for a limited degree of preference, in respect of price, to articles produced or manufactured in Bengal or, alternatively, elsewhere in India, either in whole or in part. Government share the optimism of the Director that the promulgation of the rules will give the desired impetus to the development of local industries.

6. Government (Ministry of Industries) take this opportunity of expressing their appreciation of the manner in which the work of the department has generally been conducted by Mr. Weston and his staff. Government are also grateful to the Board of Industries constituted under the Bengal State Aid to Industries Act and other Boards and Committees attached to the department for the assistance rendered by them.

RESOLUTION—No. 1359Cin.

The reports of the previous three years.

Mr. C. C. Calder held charge of the office of Superintendent throughout the year.

2. The question of the disposal of the accumulated stock of crude quinine sulphate amounting to 109,240·55 lbs. at the end of the year has attracted the serious attention of this Government. An attempt to sell a portion of it in the open market in this province has met with no result so far and there is very little demand for it in dispensaries and hospitals. It appears that unless crude quinine is purified into marketable form there is at present no likelihood of the disposal of the surplus stock of this drug in this province.

3. The total area under cinchona at the end of the year was 2,717 acres. This is a theoretical figure and represents the area that would be covered, if all the existing cinchona trees were small enough to fit the spacing, and could be brought together and spaced as at the time of their original planting. The actual area that is occupied by the cinchona blocks and requires cultivation and attention is greatly in excess of 2,717 acres. Extensions comprising 223 acres were carried out during the year under review.

4. In the plantation at Mungpoo the temperature was normal and no damage was done to it either by storms or by disease during the year. Favourable conditions on this plantation, therefore, counterbalanced the damage done to the other plantation, viz., Munsong, by nursery disease. Damage estimated at Rs. 30,000 was also done to this plantation by fire which occurred in April from an unknown cause. An extensive landslide also took place on the Kashyem division and Coolie Khet area and this did considerable damage to two blocks in the division.

5. 1,445,762 lbs. of Bengal bark were harvested in the year of report against 1,179,472 lbs. in the previous year.

6. The quantity of dried bark used in the factory during the year was 1,258,454 lbs., of which 1,137,066 lbs. were Bengal bark, the rest belonging to the Government of India.

7. Altogether 46,220 lbs. of quinine sulphate were manufactured during the year at a cost of Rs. 2·721 per lb. Of this, 3,981 lbs. belong to the Government of India. The total quantity of cinchona febrifuge manufactured during the year was 25,023 lbs., of which 2,274 lbs. represent the share of the Government of India. The expenditure incurred on the febrifuge was Rs. 1·820 per lb.

8. The total expenditure of the department during the year including pensionary charges was Rs. 3,95,372-2. The gross receipts were Rs. 7,60,225-3, and after deducting Rs. 80,714-4 due to the Government of India on account of febrifuge powder sales, Rs. 39,617-4 due to the Jail Department for distribution work and Rs. 2,614-11 on account of sales outstanding on 31st March 1933, the net receipts amounted to Rs. 6,37,279. The expenditure was lower by Rs. 44,103-13-9 and the receipts were higher by Rs. 42,318 than in the preceding year. The profit on the year's working amounted to Rs. 4,38,238-3, a result which is considered very satisfactory as compared with the results of the preceding two years.

9. The facts and figures contained in the report indicate that very satisfactory progress has been made by the Bengal Cinchona Department during the year under review. The Governor in Council is pleased to record his appreciation of the work that Mr. Calder has done for the department during the year. Thanks of Government are also due to Mr. S. C. Sen, the Quinologist, and other officers of the department, particularly Mr. H. Thomas, for the good work done by them.

Order—Ordered that this resolution be published in the *Calcutta Gazette*, and that a copy, with a copy of the report, be submitted to the Government of India.

Final Forecast of the Sugarcane Crop of Bengal, 1933-34.

(NOTE.—On an average of the five years ending 1931-32, the area under sugarcane in Bengal has represented some 7·2 per cent. of the total area under sugarcane in British India.)

Character of the season.—After the issue of the second forecast harvesting operations are being carried on under favourable conditions and a satisfactory outturn is expected for the province.

Acreage.—The total area planted is estimated at 256,600 acres this year as against 233,200 acres last year.

Outturn.—According to the estimates of the District Officers the average outturn of the crop for the province works out at 86 per cent. of the normal this year as against 94 per cent. last year.

Taking 56 2/5 maunds as the normal yield of cane *gur* per acre, the gross outturn for the province is estimated at 457,200 tons this year as against 454,200 tons last year.

Other sources of gur.—The total quantity of *gur* likely to be obtained from date-palm juice and other sources is estimated at 99,900 tons this year as against 102,900 tons last year.

The quantity of *gur* for the province from all sources is thus estimated at 557,100 tons this year as against the same estimate last year.

CALCUTTA, THE 13TH FEBRUARY 1934.

RESOLUTION—No. 1224A.

1. It is with feelings of profound regret that the Governor in Council records the sudden and unexpected death at his residence in Calcutta, on the 9th February 1934, of the Hon'ble Sir Provash Chunder Mitter, K.C.S.I., C.I.E., Vice-President of the Executive Council, Bengal.

2. The youngest son of the late Sir Romesh Chunder Mitter, a Judge of the High Court of Judicature at Fort William in Bengal, Sir Provash came of a family of which more than one member has attained a conspicuous position in the public life of Bengal. His father was the first Indian to act as Chief Justice of the High Court in Calcutta, and his brother, the Right Hon'ble Sir Binode Chunder Mitter, who died in 1930, was a member of the Judicial Committee of the Privy Council.

3. Sir Provash spent the earlier years of his life at the Bar, where he soon established himself as a leading Vakil of the Calcutta High Court. In 1917, he was appointed a member of the Indian Sedition Committee and thereafter, sacrificing what would undoubtedly have been a brilliant legal career, he devoted an increasing proportion of his time to public service. In 1919, when the proposals embodied in the Montagu-Chelmsford Reforms were being examined, he served as a co-opted member for Bengal on the Feetham Committee, which dealt with the Division of Functions.

4. Before the introduction of the Reforms, Sir Provash, who had always favoured the liberal school of thought and was in fact one of the founders of the National Liberal League, had in 1916 been elected to the Bengal Legislative Council, on which he represented the landholders of the Presidency Division. In the new Council he continued to sit for this constituency and was a member of the first Ministry along with the late Sir Surendra Nath Banerjea and the late Nawab Saiyid Nawab Ali Chaudhuri Bahadur, of Dhanbari. His portfolio included the subjects of Education and Registration. He held office till 1924, and in October 1927 he again returned to the Ministry. His portfolio on this occasion included the subjects of Local Self-Government, Public Health and Public Works. In May 1928, on the death of the Hon'ble Maharaja Kshaunish Chandra Ray

Bahadur of Nadia, Sir Provash was appointed to the Executive Council, taking his seat on 31st July 1928. In this position he held the portfolios of Revenue and Jails. He was perhaps more at home in dealing with revenue matters than in any other of the numerous departments of whose activities he had previously had to make himself master. In July 1933, his tenure of office was extended by one year. In 1932, Sir Provash succeeded the Hon'ble Mr. A. Marr as Vice-President of the Council and Leader of the House in the Legislature. Among the measures with which the name of Sir Provash is most closely associated may be mentioned an extensive scheme for improving water-supply in rural areas and the Bengal Tenancy (Amendment) Act, 1928, which was placed on the statute book during his period of office. Among his more recent achievements, the Bengal Cess (Amendment) Bill, 1934, stands out prominently.

5. Apart from his official activities, Sir Provash had wide interests, both public and private. He served for over twelve years on the Committee, and was for a time Vice-President of the Indian Association. He was a leading member of the British Indian Association and on more than one occasion served as Vice-President. In Bhowanipur the local public institutions received his steady guidance and support, and as a landlord he and the members of his family maintained charitable institutions for the general welfare of their tenantry.

6. Sir Provash played an important part in the development of the Reforms scheme for Bengal, and in 1930 was a representative of the province at the first Round Table Conference, a position for which his judicial temperament and his unrivalled experience upon both sides of Government pre-eminently fitted him. In this capacity he served on the Provincial Constitution, Franchise, Minorities and Services Committees. In 1931, Sir Provash represented Bengal at the second Round Table Conference and served on the sub-committees on Federal Structure and Minorities. He worked with untiring energy in the interests of Bengal, which found in him a persistent and skilful advocate of its claims, particularly in the sphere of finance. Sir Provash was appointed a Companion of the Most Excellent Order of the Indian Empire in 1919, was created a Knight Bachelor in 1924 and in 1933 was promoted to the dignity of a Knight Commandership of the Most Exalted Order of the Star of India.

7. Sir Provash had an insatiable appetite for work. He mastered the details of any scheme, however large, and none was too small to receive his attention. He had an invaluable knowledge of the intricacies of the land tenure system, with which his position as a zamindar and his legal practice at the Bar had brought him into close contact. In the wider sphere of politics Sir Provash had a keen insight into the origin and development of political ideas amongst the intelligentsia of the province and his general grasp of the political situation was of great value to his colleagues. Those who were privileged to work with him obtained the benefit of his vast store of experience and his profound knowledge of rural conditions and will remember him as a helpful colleague and a most considerate chief. Sir Provash had a wide circle of friends amongst whom his genial presence and affable manners will be much missed. His conversation was marked by shrewdness and kindliness, and he leaves a gap in social circles which only the passing of time can close.

8. The Governor in Council desires to record his high appreciation of the services rendered to the State by the late Sir Provash Chunder Mitter and to express his deep sympathy with the family in their great and sudden loss.

NOTIFICATIONS.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

No. 509M.—7th February 1934.—In exercise of the power conferred by clause (*f*) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules:—

Rules regarding the conditions and limitations under which a license may be granted for a trade, profession or calling.

1. (*1*) When the Commissioners have decided to levy a tax on trades, professions and callings under clause (*f*) of sub-section (*1*) of

section 123 of the Act, they may, by written notice, require the occupier of any building or place of business to forward to them, within *fifteen* days, a list, signed by such occupier, of the names of all *persons* exercising or carrying on any of the professions, trades or callings, referred to in Schedule IV of the Act, and of the respective profession, trade or calling of each.

(2) When the Commissioners have reason to believe that any person is exercising or carrying on any such profession, trade or calling, they may, by written notice, require him to furnish them with any particulars specified in such notice.

Note.—"Person" in these rules includes a limited or joint stock company, or an association or a body of individuals.

2. Every person who exercises or carries on in a municipality, either by himself or by an agent or representative, any of the professions, trades or callings indicated in Schedule IV, shall take out a half-yearly license and pay for the same such tax as may be imposed by the Commissioners, subject to the maximum prescribed in the Schedule:

Provided that the grant of such a license shall not be deemed to affect the liability of the licensee to take out a license under any other provision of the Bengal Municipal Act, 1932.

3. When a place of business occupies only a portion of any premises and has not been separately valued under chapter V, the valuation thereof for the purposes of these rules shall be the rate per mensem at which such place of business might, in the opinion of the Commissioners, reasonably be expected to let.

4. If the Commissioners are satisfied, after due enquiry, that a person who has taken out a license under Schedule IV of the Act, has not actually exercised the profession, trade or calling for three or more consecutive months within the period for which the license was granted, they may refund not more than 1/6th of the half-yearly fee for each calendar month during which such profession, trade or calling was not exercised: provided that such refund shall not be made unless the person concerned makes an application within one month after the expiry of the period of the license.

5. When the Commissioners are satisfied that any person is unable to pay the fee prescribed for license, they may exempt him from the liability to take out such license or declare that he shall be entitled to take out a license on payment of a lower rate of fee.

6. Every such license shall specify—

(*a*) the name of the person to whom it is granted;

(*b*) the profession, trade or calling in respect of which it is granted;

(*c*) the place of business where the said profession, trade or calling is exercised or carried on;

(*d*) the date and the period of the grant thereof;

(*e*) the fee, if any, paid for the license or the written permission; and

(*f*) the restrictions and conditions (if any) subject to which it is granted.

7. (*1*) When any person carries on within a municipality two or more professions, trades or callings which are separate or independent of one another, he shall take out a license for each class under which such professions, trades or callings are mentioned in Schedule IV.

(*2*) If any person carries on any profession, trade or calling which, in the opinion of the Commissioners, is auxiliary to another profession, trade or calling carried on by him, such person shall be required to take out only one license on payment of the highest fee payable for taking out a license for any of the two or more professions, trades or callings with which he is concerned.

8. If any person carries on a profession, trade or calling in two or more municipalities, he shall take out a license in respect of such profession, trade or calling in each of such municipalities.

9. When two or more persons carry on business jointly, they may take out a single license as a firm:

Provided that, if any of the parties of such firm exercises or carries on any separate profession, trade or calling on his own account or jointly with other partners, a separate license shall be taken out in respect of every such profession, trade or calling.

10. Any person who has taken out a license for the next preceding year, shall, subject to the other provisions of these rules, be presumed, unless he proves to the contrary, to be liable and entitled to take out a license for the current year.

Final Report on the Cotton Crops of Bengal, 1933-34.

(*Note.*—On an average of the five years ending 1931-32, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—Dry weather since November was favourable for the harvesting operation of the early crop and a satisfactory outturn was reaped for the province. The outturn of the late crop is expected to be fair.

Area sown.—The total area sown with early cotton is returned at 74,760 acres and that with late at 1,032 acres this year as against 74,590 and 1,132 acres, respectively, last year.

Outturn.—The outturn of the early crop is estimated at 23,499 bales and the late crop at 303 bales as against 23,465 and 337 bales, respectively, last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 10th February 1934.

Third and Final Report on the Winter Rice Crop of Bengal, 1933-34.

(*Note.*—On an average of the five years ending 1931-32, the area under winter rice in Bengal has represented some 17·5 per cent. of the total area under rice in British India.)

Character of the season.—Since the issue of the second forecast insects caused damage to the crop especially in some East Bengal districts, resulting in the decrease of outturn to some extent. Harvesting operations were, however, carried on under favourable conditions.

Acreage.—According to District Officers' estimates the total area under winter rice is 15,498,700 acres as compared with 15,590,000 acres last year.

Outturn.—From the summary of the district returns appended it will be seen that two districts report a bumper crop, three districts report a normal crop, seventeen districts a crop varying from 70 to 90 per cent. and the rest below 70 per cent. of the normal. According to the above estimates the provincial outturn works out to 81 per cent. of the normal as against 90 per cent. estimated by this department last year.

Accepting 81 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 13½ maunds of clean grain per acre, is estimated at 6,225,700 tons this year as against 6,958,200 tons last year.

Resolution on the Report of the Bengal Jute Enquiry Committee.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Agriculture.

CALCUTTA, THE 12TH FEBRUARY 1934.

RESOLUTION—No. 861Agri.

Minister-in-charge: The Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur.

In pursuance of a resolution carried in the Bengal Legislative Council on the 1st February 1932, a Committee composed of Mr. R. S. Finlow, C.I.E., as Chairman, and twelve members was appointed in this department resolution No. 631Agri., dated the 6th February 1933, to investigate the jute problem as affecting the province with special reference to the points mentioned therein.

2. The report submitted by the Committee is now published for general information. The various recommendations of the Committee will now be examined; but the Government of Bengal (Ministry of Agriculture) regret that the lack of unanimity among the members must necessarily render the task difficult and it will in all probability take some time to come to a decision on the various recommendations in the majority and minority reports.

3. His Excellency the Governor acting with the Minister-in-charge takes this opportunity of expressing his thanks to the Chairman and members of the Committee for the trouble and care with which they conducted the investigation at so much personal inconvenience and sacrifice.

By order of the Govt. of Bengal
(Ministry of Agriculture),

Where no ceiling plank is fitted, the measurement shall be taken to the upper side of the keelson. The tonnage of cargo boats up to and including 50 tons shall be calculated from the formula.

Length × Breadth × Depth × K = Tonnage.

Where L = length in feet as defined above,

B = breadth in feet as defined above,

D = depth in feet as defined above,

and K = Constant which shall be as follows:—

Class I (*a*) For flush-decked, square built and open cargo boats and flats, K = ·009.

(*b*) For bazaar-boats, where the brake forward and aft does not exceed 9 inches K = ·008.

(*c*) For bazaar-boats, where the brake forward and aft exceeds 9 inches K = ·007.

Class II (*a*) For open country boats known as jolly boats or powcoes K = ·009.

(*b*) For open country boats known as hollahs K = ·0083.

(*c*) For bhurs and pansways K = ·008.

(*d*) For open country boats such as dinghees and bowleahs K = ·0064.

(*e*) For open country boats known as chotes K = ·0063.

Boats or flats of class I exceeding 50 tons shall be measured under the Merchant Shipping Act and any boat in class I may, if the owners show that the measurements made according to the above formula are inaccurate or oppressive, be measured under the Merchant Shipping Act.

Every boat or flat exceeding 10 tons shall have on her side a conspicuous mark to indicate the freeboard or greatest depth to which she may be immersed when loaded.

The freeboard shall be obtained from the following table:—

Freeboard Table.

D = 5′6″, 6′0″, 6′6″, 7′0″, 7′6″, 8′0″, 8′6″, 9′0″, 9′6″, 10′0″, 10′6″, 11′0″, 11′6″, 12′0″, 12′6″, 13′0″, 13′6″, 14′0″.

L = 55′, 60′, 65′, 70′, 75′ 80′, 85′, 90′, 95′, 100′, 105′, 110′, 115′, 120′, 125′, 130′, 135′, 140′.

F2=Freeboard for open boats or flats or iron or steel.

C=Correction for every 10 feet in length.

For all classes of wooden boats and flats, both square built and country built, also composite boats and flats, the freeboard shall be calculated at the rate of 3 inches for every foot depth of hold up to 10 feet.

Whenever a boat is licensed to carry boat passengers and cargo, she shall be measured and marked with a load line in the same way as though she were intended solely for the carriage of cargo.

69. To ascertain the number of the passengers that a passenger boat may carry, divide the superficial area in square feet of the floor space available for passengers by 6 and the result is the number of passengers that the boat may be licensed to carry.

Rules for the measurement of passenger boats.—In the case of boats belonging to private firms or companies and used exclusively for the conveyance of their own employees to and from their works, the divisor shall be 4 instead of 6.

The course will also include lectures on the countries, the ethnology and ethnography of the people concerned, their customs, national characteristics, religions and political administration.

3. Applications for permission to appear at the Preliminary examination must be made to the Government of India in the Department of Education, Health and Lands at least three months before the date of the examination in the case of examinations held in London, and at least six weeks before the date of the examination in the case of examinations held in India and the names of the officers permitted to appear at the examination in London will be communicated to the High Commissioner for India by that department. An officer serving directly under the Government of India must submit his application through the department in which he is serving, and an officer serving under a Local Government or Administration through the Local Government or Administration to which he is subordinate. Applications must not be made direct to the India Office or the High Commissioner for India in London.

The period of deputation will count as Indian duty for promotion, leave and pension.

8. An officer whose deputation has been sanctioned must not start for the Baltic States until he has received a letter of instructions on the subject from the High Commissioner for India.

9. No officer on leave on medical certificate will be permitted to proceed to the Baltic States under these rules unless reported fit to do so by the India Office Medical Board.

Applications for this privilege should be submitted to the Government of India in the Department of Education, Health and Lands through the usual channels.

21. All charges connected with the deputation of an officer for the study of Russian under Rule 7 or Rule 20, and also the cost of gratuities granted for qualifying or re-qualifying in the Interpretership examination, will ordinarily be borne by the Government of India which will be prepared to consider recommendations on behalf of officers serving under Local Governments. If, however, they are not satisfied that the deputation of a particular officer is likely to result in any advantage to the Central Government they will refuse permission unless the Local Government concerned are willing to meet the cost.

The Secretary of State for India in Council has been pleased to direct that the provisions of Fundamental Rule 100A shall not apply to Government servants placed on deputation out of India for the purpose of studying the Russian language.

No. 535L.C.—14th February, 1934.—The following report of the Select Committee on the Bengal Criminal Law Amendment Bill, 1934, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Criminal Law Amendment Bill, 1934.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Criminal Law Amendment Bill, 1934, was referred by a motion carried in the Bengal Legislative Council on the 1st February, 1934, have the honour to submit this our report with the Bill, as amended by us, annexed. All matter omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette* of the 8th February, 1934.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met for the first time on the 3rd February, 1934, and concluded its sittings on the 12th idem.

5. The changes made in the Bill are as follow :—

Preamble.—We have made an addition in the preamble to make it specifically clear that the Bill is intended to "deal more effectively with the terrorist movement in Bengal."

Clauses 3 and 4.—New clause 4 replaces sub-clause (*2*) of clause 3 and the former clause 4. We have restricted the cases in which the death penalty can be imposed by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, to offences under clauses (*e*) and (*f*) of section 19 of the Indian Arms Act, 1878, when committed in respect of firearms under circumstances indicating that the offender intended that the firearm should be used for the commission of murder.

Clause 5.—We have restricted the scope of this clause on similar lines and redrafted the clause so as to give effect to this intention.

Clause 6.—We have modified proposed section 2B to the Indian Press (Emergency Powers) Act, 1931, to enable the permission of the Local Government to be obtained before as well as after the termination of the trial.

Clause 10.—We have omitted proposed section 7A(*1*) (*b*) to the Bengal Criminal Law Amendment Act, 1925, and in its place have substituted a proviso to the effect that proposed new section 7A(*1*) (*a*) will be applicable only in the case of absconders whose names were included in the original order issued under sub-section (*1*) of section 3 of the said Act or in the charge-sheet.

We do not think it necessary to make any special provision as to relevancy of evidence and have modified proposed sections 7A(*1*) (*c*) and 7(*2*) (*a*) (*i*) accordingly.

We do not consider proposed section 7A(*2*) (*ii*) desirable and have omitted it.

The omission of proposed section 7A(*2*) (*b*) and the addition of the proviso to proposed section 7A(*2*) (*a*) have been made for the same reasons as in the case of proposed section 7A(*1*).

We have amended proposed section 7A(*3*) in order to make it incumbent on the Commissioners to recall any witness at the instance of the accused person or his pleader unless, in the opinion of the Commissioners, for reasons to be recorded in writing, this is not necessary in the interests of justice.

The change made in proposed section 7A(*4*) (*ii*) is consequential on the omission of proposed section 7A(*2*) (*a*) (*ii*).

We think it desirable that the accused should be supplied free of cost with a copy of any evidence admitted under proposed section 7A of the Bengal Criminal Law Amendment Act, 1925, but as we understand that the Local Government will make provision for this by rules under section 10, we have not made specific provision for it in the Bill.

Clause 13.—*Proposed section 2A to the Bengal Criminal Law Amendment Act, 1930.*—On examination of the drafting of proposed section 2A(*1*), the Select Committee found that it closely followed the wording of section 2 of the Bengal Criminal Law Amendment Act, 1930, which is meant to deal with hardened terrorists.

The Committee have, therefore, considerably modified the wording of proposed section 2A to bring out the real intention underlying the proposed provisions, *viz.*, the protection, reclamation and safeguarding of youths who are on the border line of the terrorist movement.

The changes made in proposed section 24A(*2*) and (*4*) are with a view to make the intention more specific.

Clause 15.—We have omitted this clause as we consider it unnecessary.

Clause 16.—*Proposed section 6 and 6A to the Bengal Criminal Law Amendment Act, 1930.*—We have made a desirable emendation in proposed section 6 (*3*) which in effect gives the accused person an opportunity of showing that it was not possible for him to comply with a direction given under section 3 (*2*) of the Bengal Criminal Law Amendment Act, 1930.

Clause 17.—We have added a proviso to sub-section (*1*) of section 7 of the Bengal Criminal Law Amendment Act, 1930, as we do not think it desirable that persons in respect of whom an order is made under proposed section 2A should be required to give their finger prints.

Clause 17A.—New clause 17A which we have inserted is a consequential amendment of section 9 of the Act. It is anticipated that as a result of the new provisions (in clauses 14 and 16) more orders under section 2 will, in future, be issued against persons who are absconding. Such orders should not be placed before the advising Judges without the statement of the person against whom the order is made. We have modified section 9 so as to ensure that this statement will be available in all cases.

Clause 18.—*Proposed section 10A to the Bengal Criminal Law Amendment Act, 1930.*—We have omitted the provision for arrest as unnecessary and have made a slight drafting change to make the intention of the clause more clear.

Clause 19.—We have made an important change in this clause by making it obligatory on Government to pay allowances to the dependants of a detenu provided that the allowance shall not exceed such amount as the detenu himself would have been able to contribute to their maintenance if he had not been placed under restraint.

Clause 20.—The alteration in this clause is consequential on the changes made in proposed section 2A(*1*) in clause 13.

Clause 23.—*Proposed sections 11A, 11B, and 11C to the Bengal Suppression of Terrorist Outrages Act, 1932.*—We have added sub-section (*3*) to proposed section 11B to enable the Local Government to exercise revisional powers and direct the relinquishment of possession of places of which possession is taken under proposed section 11B(*1*).

Clause 24.—We have added a necessary new section—proposed section 24A to the Bengal Suppression of Terrorist Outrages Act, 1932—to provide for the trial by Special Magistrates of offences under section 6 of the Bengal Criminal Law Amendment Act, 1930, as modified by clause 16. This provision is consequential on the enhancement of the penalties.

Clause 26.—*Proposed sections 35 and 36 to the Bengal Suppression of Terrorist Outrages Act, 1932.*—We have split up proposed sections 35 and

36 into four separate sections. The changes we have made are as follow:—

Proposed section 35 is practically the same as proposed section 35 (*1*) (*a*) and (*b*) of the Bill as introduced, except that we have made it a self-contained section.

Proposed section 36(a).—We have specifically added "criminal intimidation" to the list of offences enumerated. We have omitted the references to sections 144, 148, 324 and the second paragraph of section 506 of the Indian Penal Code as either unnecessary or inappropriate.

Proposed section 36(b).—The addition of the words "in a manner likely to encourage the commission of the offence" is to restrict the scope of this sub-clause, while the exception in regard to public servants was considered unnecessary in view of the safeguards introduced by us.

The most important safeguard we have provided will be found in the last paragraph of the proposed section where we have made it clear that the casual or *bonâ fide* possessor of a newspaper, book or document will not come within the purview of the section so long as he can prove that he came into possession of such newspaper, book or document in circumstances indicating that he did not intend to use it "for the purpose of inciting to or encouraging the commission of any offence" under proposed section 36(*a*).

Proposed section 37 merely reproduces proposed section 35 (*2*) of the Bill as introduced.

Proposed section 38, sub-section (*1*) reproduces section 36 (*1*) of the Bill as introduced.

Sub-section (*2*) is a modification of proposed section 36 (*2*) of the Bill as introduced and adds an important safeguard similar to that inserted in proposed section 36(*b*) to cover the cases of casual or *bonâ fide* possession.

We have added proposed section 39, providing that an offence under proposed section 35 shall be cognizable and bailable and an offence under proposed section 36 non-cognizable and bailable.

We recommend that the Bill, as amended by us, be passed.

Minute of dissent by Mr. Narendra Kumar Basu, M.L.C.

While acknowledging that the Select Committee have made several improvements in the Bill, I am of opinion that there are still many features in it which are objectionable.

Of these, I shall enumerate the principal ones, *viz* :—

(*a*) The penalty of death in clauses 4 and 5 remains indefensible.

(*b*) Clause 6 which the Committee have left unamended is as vague in language as it is unprecedented in Press Legislation, even in India.

It is calculated to hamper the legitimate activities of the Press and also the expression of legitimate opinion in respect of measures, good, bad or indifferent.

(*c*) No materials have been produced to justify the retention of the Bengal Criminal Law Amendment Acts of 1925 and of 1930 as permanent blots in the statute book.

(*d*) The penalties proposed in clause 16 are savage and uncalled for.

(*e*) The absence of any provision for compensating persons whose houses or buildings are taken possession of under clause 23 is unjustifiable.

(*f*) There is considerable practical objection to the provisions of clause 25.

(*g*) In matters under clause 26, the District Magistrates should not be the sanctioning or complaining authority.

Lastly, I cannot agree to the recommendation that the Bill be passed.

THE BENGAL CRIMINAL LAW AMENDMENT BILL, 1934.

(As amended by the Select Committee.)

[*Cf.* Act XXIII of 1932, s. 8.]

(*2*) Before making an order under sub-section (*1*) the Court shall give the parent or guardian an opportunity to appear and be heard, and no such order shall be made if the parent or guardian satisfies the Court that he has not conduced to the commission of the offence by neglecting to control the offender.

(*3*) Where a parent or guardian is ordered to pay a fine under this section, the amount may be recovered in accordance with the provisions of the Code of Criminal Procedure, [*1908.*] 1898.

No. 551L.C.—16th February, 1934.—The following report of the Select Committee on the Presidency Small Cause Courts (Bengal Amendment) Bill, 1934, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Presidency Small Cause Courts (Bengal Amendment) Bill, 1934.

We, the members of the Select Committee of the Bengal Legislative Council to which the Presidency Small Courts (Bengal Amendment) Bill, 1933, was referred by a motion carried in the Bengal Legislative Council on the 10th January, 1934, have the honour to submit this our report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette* of the 3rd August, 1933.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met on the 17th January, 1934, and concluded its sitting on that day.

5. The more important changes made in the Bill are as follow :—

Clause 1.—We have altered the figure "1933" to "1934".

We have also omitted clause 1 (*2*), leaving the Act to come into force in the normal way, which will be when it is published in the *Calcutta Gazette* after assent.

Clause 3.—*Proposed section 72B.*—The proviso which we have added is necessary in order to enable fees on the applications mentioned in item 17 of the Schedule to be paid after the application is made.

Clause 3.—*Proposed section 72C.*—We have restricted the scope of proposed section 72C to applications in which the Court orders notice to be issued.

We have also inserted a proviso for the refund, at the discretion of the Court, in whole or in part, of the fee paid in any case in which a new trial is ordered.

Clause 4.—We do not agree with clause 4 in so far as it provides for the total omission of section 73 of the Act.

We have, however, substituted a modified section 73 providing for the repayment of half the amount of Court-fees in certain cases and on certain conditions.

Clauses 5 and 6.—We have omitted these as not being desirable.

Clause 7.—We have omitted this clause as we consider it unnecessary.

"The Fifth Schedule."—We have made several drafting changes in the Fifth Schedule to make the intention more specific.

We have also omitted item (6) as we consider that fees should not be payable on applications for adjournment.

Item 15 (*c*) has also been omitted as unnecessary.

We recommend that the Bill, as amended by us, be passed.

Report of the Select Committee on the Bengal Nurses Bill, 1934.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Nurses Bill, 1933, was referred by a motion carried in the Bengal Legislative Council on the 10th January, 1934, have the honour to submit this our report with the Bill, as amended by us annexed. 3. We do not consider that the Bill has been so altered as to require republication.

Clause 1.—We have altered the figure in clause 1 from "1933" to "1934."

Clause 3.—We have made a slight drafting emendation in clause 3 by substituting the word "purpose" for "purposes."

Clause 4.—We have altered clause 4(*n*) with a view to allow a certain amount of latitude to the Local Government in the choice of one of the two persons to be appointed under that clause.

Clause 12.—The reason for the insertion of the words "if any" in this clause is to meet the cases where the Council may decide that no fees need be paid to certain classes of members, *e.g.*, officials, or again there may be cases of meetings where, for the want of a quorum or otherwise, no business is transacted, when no fees need be paid. These questions have been left to be decided by rules under clause 31(*e*).

Clause 13. This clause has been slightly altered to provide for possible cases in which the Council might appoint a Registrar or other members of the staff on a part-time basis.

Clause 24A.—We have inserted a new clause 24A with a view to prohibit the issue of certificates by, and entry of names in registers kept by, hospitals, schools and similar institutions not approved or recognised under the Act purporting to show that a person is qualified to practise as a nurse, midwife or health visitor, unless such person has been registered under the Act.

Clause 26.—This clause has been redrafted and provision has been made for exemptions.

Clause 27.—The addition of clause 27(*d*) is consequential to the insertion of new clause 24A.

We recommend that the Bill, as amended by us, be passed.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 2261L.—19th February, 1934. — His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL EXCISE (AMENDMENT) BILL, 1934.

A

BILL

further to amend the Bengal Excise Act, 1909.

WHEREAS it is expedient further to amend the Bengal Excise Act, 1909, in the manner hereinafter appearing ; Ben. Act V of 1909.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Excise (Amendment) Act, 1934.

Amendment of section 2 of Bengal Act V of 1909.

2. In clause (*13*) of section 2 of the Bengal Excise Act, 1909, as amended by the Dangerous Drugs Act, 1930, for sub-clause (*iv*) the following sub-clause shall be substituted namely :— II of 1930.

" (*iv*) any other intoxicating or narcotic substance or any fermenting agent which the Local Government may specify in this behalf by notification, such substance or agent not being opium, coca-leaf, or a manufactured drug, as defined in section 2 of the Dangerous Drugs Act, 1930."

STATEMENT OF OBJECTS AND REASONS.

Bakhar is a substance used as fermenting agent in the manufacture of *pachwai* which is an alcoholic liquor included in the definition of "liquor" in section 2(*14*) of the Bengal Excise Act. In the past an alarming number of cases were brought to light in which consumers of *pachwai* were poisoned with fatal consequences, and this was traced to the presence of aconite administered through *bakhar* used in the manufacture of the drink. The Excise Department fully investigated into the question and came to the conclusion that it was not at all necessary to put any injurious ingredient in *bakhar* in order to set up the proper fermentation, but that it was naturally a temptation to the licensed manufacturers of *pachwai*, and indirectly also to the manufacturers of *bakhar* to put aconite or other thirst-provoking agents into the preparation. Apart from the desirability of preventing repetition of cases of poisoning after consumption of *pachwai*, control over the manufacture and sale of *bakhar* was considered very necessary in order to control effectively the illicit manufacture of *pachwai* and country spirit prevalent in the local areas. In 1924 it was accordingly decided to bring *bakhar* under Excise control. This was done by declaring the substance as an "intoxicating drug" in the category under sub-clause (*iii*) of clause (*13*) of section 2 of the Excise Act as it stood before its amendment by Schedule II of the Dangerous Drugs Act, 1930, and thereby including it as an excisable article under section 2(7) of the Excise Act, in Notification No. 1743 Ex., dated the 26th March, 1929, as also Notification No. 603—T.A.I., dated the 23rd October, 1924, which it has superseded.

Sub-clause (*iii*) of clause (*13*) of section 2 of the Bengal Excise Act before its amendment by Schedule II to the Dangerous Drugs Act stood as follows:—

"(*iii*) any other drink or substance which the Local Government may specify in this behalf by notification with every preparation or admixture of the same, but does not include opium or anything which is included in 'opium' as defined in the Opium Act, 1878."

As amended, the sub-clause stands as follows:—

"(*iv*) any other intoxicating or narcotic substance which the Local Government may, by notification, declare to be an intoxicating drug, such substance not being opium, coca-leaf, or a manufactured drug, as defined in section 2 of the Dangerous Drugs Act, 1930."

Bakhar being neither an intoxicating nor a narcotic substance, while the circumstances under which the article was brought under excise control still exist, the further amendment proposed in this Bill is intended to bring the article back within the purview of the Bengal Excise Act which is essentially necessary in the interest of administration of the provincial subject of Excise. The words "any fermenting agent" are preferred to the use of the word "*bakhar*" by name as the article in question is prepared differently and known by different names in different parts of the province. The Bill involves no question of policy.

S. M. HOSSAIN, for *Subdivisional Officer,*
Irrigation Department, Rajshahi.

Rampur Boalia, the 10th February 1934.

Report on the working of the Licensed Warehouse and Fire Brigade Act for the year ending 31st March 1933.

NOTIFICATION.

No. 40M.—3rd January 1934.—The following is published for general information under section 41 of the Licensed Warehouse and Fire Brigade Act, 1893 (Bengal Act I of 1893).

H. P. V. TOWNEND,

Secy. to the Govt. of Bengal.

No. 1587M., dated Chinsura, the 22nd September 1933.

Memo.—By the Commissioner of the Burdwan Division.

Copy of memorandum No. 3463 G., dated the 9th August 1933, from the District Magistrate of Howrah, with enclosures, forwarded to the Secretary to the Government of Bengal, Local Self-Government Department, for information.

The discrepancy of Rs. 903 between the arrear demand of Rs. 1,774 at the beginning of the year 1932-33 and the outstanding demand of Rs. 871 at the end of 1931-32, is due to the fact that some godowns which had been treated as vacant in 1931-32 were later on discovered to have been occasionally used during that year. The fees for 1931-32 were accordingly realised during 1932-33 and the amounts were shown as arrear realisations.

No. 3463G., dated Howrah, the 9th August 1933.

Memo.—By the Magistrate of Howrah.

No. 7466, dated Calcutta, the 21st September 1933.

From—L. H. Colson, Esq., J.P., I.P., Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

I have the honour to submit the report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1933, as drawn by A. Frederick Esq., officiating Chief Officer, Calcutta Fire Brigade.

F. B. 840, dated Calcutta, the 14th September 1933.

From—A. Frederick, Esq., Officiating Chief Officer, Calcutta Fire Brigade,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

(Through L. H. Colson, Esq., J.P., I.P., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1933. Captain B. A. Westbrook, O.B.E., was in command of the Brigade up to the 10th March 1933, when he proceeded on leave out of India and I took over charge from him.

The work of the department during the year under review has been normal.

Financial statement.—The statement of receipts and expenditure and payments made by municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act (I of 1893), is given in Appendix I.

The cost of maintenance of the Fire Brigade is derived from contributions by (*a*) the Calcutta Municipality and (*b*) the Howrah Municipality, the former contributing 86 per cent. and the latter 14 per cent.

Fees for licensed warehouses are charged under section 10 of the Licensed Warehouse and Fire Brigade Act, I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 750 per warehouse per annum, and the income thus derived is credited to the Fire Brigade Fund and deducted from the amount required from the municipalities concerned. In this connection it is satisfactory to note that the amount actually required to be paid from the rates for the maintenance of the Fire Brigade is considerably reduced.

During the year 1931-32, 33 per cent. of the contribution required from the Calcutta Municipality was derived from this source leaving 67 per cent. only to be contributed from the rates. The contribution from the Calcutta Municipality to the Fire Brigade Fund in 1931-32 was Rs. 4,01,227. A similar percentage approximately applies to the Howrah Municipality, which contributed Rs. 65,316 in 1931-32. Rs. 729 were received in fees for attending fires outside the jurisdiction of the Calcutta Fire Brigade.

I am glad to be able to report that a considerably larger income has been derived from taxation under the above Act.

Fires, etc.—The total number of calls for fires, or supposed fires, was 577, being a decrease of 6 as compared with the previous year and a decrease of 62 as compared with the average of the past ten years. The actual number of calls for fires was 440, which shows a decrease of 12 as compared with the previous year, and the number of fires classed as serious (*i.e.*, over Rs. 20,000 damage per fire—see Appendix 3) was 16 against 12 in the previous year.

The following statement shows the hours when the calls were received:—

In the Annual Reports for the preceding years special mention was made of the large increase in the number of wilful false calls made by the public from street fire alarms, and I am pleased to record that the number of such false alarms have decreased. This year 72 alarms of this nature were received which shows a decrease as compared with 83 in 1931-32 and an average of 89 during the past ten years.

Regarding false alarms of fire by private telephones I am glad to report that very little trouble occurs in this connection. This is due to the much appreciated action of the Bengal Telephone Company in disconnecting subscribers who permit their instrument to be used for such purposes, either knowingly or unknowingly; otherwise there is no doubt the number of false alarms from this source would have been much greater. Three false alarms of this nature were received during the year under review against 4 in the previous year.

Thirty-four false alarms were due to electrical defects in the street fire alarm systems as compared with 19 during the previous year. The number of false alarms, either accidental or given with good intent, is 19 (8 in 1931-32).

The calls are classified as follows:—

Fires	440	(452)
False alarms, wilful from street fire alarm	72	(83)
False alarms due to electrical defects ..	34	(19)
False alarms given with good intent or accidental	19	(8)

The actual number of calls received during the year was 839 as compared with 862 during the previous year. These figures include instances where more than one call was received for the same fire, and are given for the purpose of classifying and comparing the means by which calls for fires, etc., are given.

These calls were transmitted to the Fire Brigade as follows:—

By private telephones 473 (463 in 1931-32); by street fire alarms 326 (352 in 1931-32); by messengers giving information at fire stations 28 (27 in 1931-32); by direct fire telephones from theatres, cinemas, public buildings, etc., 9 (15 in 1931-32); by firemen on "Lookout" duty 3 (5 in 1931-32).

Regarding the calls for actual fires in 149 cases the first information was transmitted to the Fire Brigade by means of street fire alarms, in 264 cases by private telephones, in 26 cases by messengers and in 1 case from Lookout.

Means by which fires were extinguished.—In 260 cases fires were extinguished by first-aid machines, chemical fire extinguishers, buckets of water by firemen, or by occupiers before the arrival of the Fire Brigade; in 73 cases by 1 motor fire engine; in 24 cases by cutting or disconnecting electric fuses; in 21 cases by 2 motor fire engines; in 23 cases by the application of sand; in 6 cases by hydrants; in 9 cases by 3 motor fire engines; in 1 case by 1 motor fire engine and hydrants; in 3 cases by 4 motor fire engines; in 1 case by 6 motor fire engines; in 3 cases by 2 motor fire engines and hydrants; in 1 case by 4 motor fire engines and hydrants; and in 2 cases by 4 motor fire engines and trailer pump; in 1 case by 5 motor fire engines and hydrants; in 2 cases by 6 motor fire engines and hydrants; in 2 cases by 6 motor fire engines, trailer pump and fire float; in 1 case by 6 motor fire engines, hydrants and fire float; in 1 case by 6 motor fire engines, hydrants and trailer pump; in 1 case by 7 motor fire engines, hydrants and trailer pump; in 1 case by 7 motor fire engines and fire float; in 2 cases by 7 motor fire engines and hydrants; in 1 case by 7 motor fire engines, trailer pump and fire float; in 1 case by 8 motor fire engines, trailer pump and fire float; in 1 case by 9 motor fire engines, trailer pump and hydrants.

Fires in licensed premises.—Thirty-eight fires occurred in premises licensed under the Licensed Warehouse and Fire Brigade Act, I of 1893, as compared with 39 during the previous year.

Fire loss.—The total damage caused by fire and water during the year has been estimated at Rs. 19,51,510 as against Rs. 14,30,291 of the previous year. The average total damage per annum for the past ten years is Rs. 10,32,706. This increase is due to a series of serious jute fires, the causes of which could not be satisfactorily ascertained. The average damage per fire is Rs. 3,382 as compared with Rs. 3,164 for the previous year, and an average of Rs. 1,614 per fire for the past ten years.

The loss per fire is classified as follows:—

	287	fires under Rs. 100 ..	(322)
	87	„ from Rs. 100 to Rs. 1,000 ..	(69)
	35	„ „ Rs. 1,000 to Rs. 5,000 ..	(36)

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls, together with monthly statements.

Staff.—The strength of the Brigade during the year was 271 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 European firemen, 1 Warehouse Inspector, 3 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 head-tindal, 21 tindals, 178 khallasis and 13 menial employees.

The conduct and discipline of the staff throughout the year have been excellent.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost during the year under review is 11 as compared with 17 in the previous year.

Thirteen persons were injured at fires as compared with 15 in the previous year.

I am again glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulances.

Water-supply.—I regret to mention that little action has been taken to provide an adequate number of sluice valves, etc., on the mains used for fire fighting. Under the existing circumstances when it is necessary to repair mains or add fresh connections practically the whole of the water-supply system has to be closed down and improvised arrangements made to enable the Fire Brigade to deal with the situation. Although no serious fire occurred when the water-supply was not available the danger of fires taking a serious turn is ever present and I would again stress the necessity for additional sluice valves.

More sluice valves should be provided in the water-supply system so that repairs, etc., can be effected without completely closing down the water-supply.

The fact that water mains are not provided for extinguishing fires in the Cossipore-Chitpore area still gives rise to the greatest apprehension. The district abounds with extremely serious fire risks, of which jute warehouses and presses form the great majority. Water has to be obtained from tanks or ponds (many of which are replenished by rainfall only) so at every fire motor pumps have to be utilised, as otherwise no water under pressure is available. This, necessarily means some delay in getting to work, which would be obviated if water mains were

installed. The nature of the risk involved is such as to render any delay whatever very dangerous and there is no doubt that the installation of an efficient supply of water under pressure would enable the Fire Brigade to cope with many fires in their early stages and thus prevent them developing into serious fires.

For many years this has been pointed out in my Annual Report and also the fact that many of the tanks and ponds, which were formerly accessible, have now been filled up for sanitary reasons or to provide building sites.

A scheme for providing the necessary water-supply was discussed by the Corporation several years ago, but, so far no action has been taken.

It is earnestly hoped that special attention will now be paid to the provision of a water-supply system for Cossipore-Chitpore area. The necessity of this can be judged by referring to the large number of serious fires which have taken place during the current and previous years.

As water has to be conveyed from ponds at a very considerable distance from the location of fires it is no uncommon event to have as many as 300 lengths of hose, each 75 feet long, in action at a single fire. Moreover many of these tanks are practically emptied after having been used at a fire.

The provision of this suggested water-supply would enable sprinkler systems to be fitted at the jute warehouses and presses, and this would considerably reduce the fire risk, whilst bringing in an income to the Corporation as rent for the same.

Conditions in Howrah district are similar to those in the Cossipore-Chitpore areas. The Brigade has to rely on the river and tanks for an adequate supply of water. In Howrah also most of the available tanks are being filled in for sanitary reasons or to provide sites for building

As mentioned in my previous Annual Report a scheme has been submitted and approved of for the provision of hydrants in suitable positions in the mains supplying water to the overhead reservoirs and I am glad to report that some hydrants have been put up.

The risk of a great fire developing in the Howrah district is ever present and it is hoped that in the near future the number of such hydrants will be considerably increased.

The fact that the fire float cannot approach certain portions of the Howrah river bank at low tide further complicates matters, and often the greatest difficulty has been experienced in obtaining sufficient water even to stop fires from spreading.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review it has responded to 6 calls as compared with 16 calls in the previous year.

Street fire alarms, telephone and electrical communication.—It gives me great pleasure to record appreciation of the work done by the Bengal Telephone Company and the thanks of the Brigade are due to every member of that Company. The telephone operators have been remarkably efficient in their duties and all necessary repairs to fire alarms, telephones, etc., have been carried out with the minimum delay.

The street fire alarm system, comprising some 150 points, is maintained by the Bengal Telephone Company in a highly creditable manner.

The number of false alarms due to electrical defects in this system is 34 for the year under review as compared with 19 in the previous year.

Inspection Department.—Adequate fire appliances have been installed in the majority of theatres, cinemas and other places of public amusement, and with few exceptions such premises have no serious fire risks. The work of inspecting these premises is carried out by a Corporation official, but before licenses are granted by the Corporation they are inspected by a Fire Brigade Officer in regard to fire precautions and other matters relating to public safety.

No serious fires occurred in theatres, cinemas or places of public amusement during the year.

In connection with the Licensed Warehouse and Fire Brigade Act, I of 1893, 6,014 inspections of warehouses have been made during the year Five hundred and seventy-two applications and complaints have been attended to and disposed of. Two hundred and nineteen prosecutions were made under section 14 of Act I of 1893 which resulted in 178 persons being fined, the fines aggregating in all Rs 989. Twelve persons were warned and discharged, 1 person acquitted, 23 cases were withdrawn and 5 cases were filed owing to there being no trace of the parties concerned.

General.—The Calcutta Fire Brigade protects the city of Calcutta and the Municipality of Howrah, and may attend fires outside the boundaries of the above, but not exceeding a radius of 6 miles from Fire Brigade headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 120 square miles, comprising a population of over 2,000,000 persons.

On 25th January 1933 a Fire Brigade Exhibition and Tournament was held at the Central Avenue Fire Station. His Excellency the Governor of Bengal, the Right Honourable Sir John Anderson, P.C., G.C.B., G.C.I.E., honoured the Fire Brigade by his presence and presented the Indian Police Medal to Station Officer James Gawler for long and distinguished service. A subsequent Exhibition was held on 16th February 1933 and Nawab Sir Sayed Mohommad Hamidali Khan Bahadur Mustaid-Jung, Ruler of Rampur, and the Hon'ble Maharaja Sir P. C. Tagore, Kt., were present.

Ambulance Department.—The Motor Ambulance Department was taken over by the Calcutta Corporation from the Fire Brigade on the 1st July 1932.

CALCUTTA, THE 26TH FEBRUARY 1934.

RESOLUTION—No. 836M.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

The mal-administration of Kotrung Municipality has for some years past attracted the attention of Government. Since 1927 district officers have commented upon the prevalence there of party faction which has led to the abuse of their powers under the Act by the majority successful in the elections. Matters came to a head in 1932, when the Subdivisional Officer of Serampore was appointed on the joint petition of all parties concerned to arbitrate in five pending civil suits which threatened to be ruinously expensive During his investigations of the facts connected with these suits he discovered various illegalities, irregularities and abuses of power in the administration of the municipality, and, particularly, in the administration of the Assessment and Collection Departments. These were brought to the notice of the Municipal Commissioners, who appointed a subcommittee to consider and report upon them. Personal check by the District Magistrate has shown that the report submitted by this subcommittee was misleading and that the Commissioners, who adopted it, had full knowledge of this fact. It appears from his review of this report—

(*a*) That taxes standing in the name of the Vice-Chairman had been remitted as irrecoverable without any attempt at realisation being made, that there was no legal bar to a review of these improper remissions being made by the Commissioners and that, after the facts had been brought to their notice, the Commissioners should have insisted on payment.

(*b*) That the sub-committee wilfully misrepresented the facts as regards the under-assessment of holdings recorded in the names of the Vice-Chairman and of members of his family.

(*c*) That the names of certain tenants of Babu Joti Prosad Banerji, the leader of the minority party, had been excluded from the list of ratepayers with the intention of disqualifying them from inclusion in the voters' list and that the sub-committee's report recommending their inclusion on the list of ratepayers had been unnecessarily delayed for about three months in order to make it impossible for them to vote at the first general election under the new Municipal Act.

It appears further that collections made in April 1933 were deliberately shown as having been made in the previous financial year in order to make supporters of the majority party eligible as voters under the new Municipal Act of 1932, that the collections are poor and the arrears heavy, and that there is no system in checking the realization of the taxes. It must be noted also that the tax daroga of the municipality has invariably been some near relation of either the Chairman or some other influential member of the party in power.

2. In view of the above state of affairs Government called upon the Municipal Commissioners under section 550, sub-section (*1*) of the Municipal Act to show cause why steps should not be taken to appoint a suitable person to take charge of the assessment and collection departments of the municipality.

They have carefully considered the explanations given by the Municipal Commissioners and have come to the conclusion that the Municipal Commissioners have, in respect of the Assessment and Collection Departments, abused their powers and persistently made default in the performance of the duties imposed on them by the Municipal Act. They, therefore, direct in exercise of the power conferred by section 550, sub-section (*2*) of the Bengal Municipal Act, 1932, that the Subdivisional Officer of Serampore will take charge of the said departments until the end of the year 1934-35 with effect from the date of the publication of this resolution in the *Calcutta Gazette*.

3. Ordered that this resolution be published in the *Calcutta Gazette*.

COMMUNIQUE.

Calcutta, the 22nd February 1934.

As will have been noticed in the newspapers, the following reply was given by Sir George Schuster to a question in the Legislative Assembly on the 1st February 1934:—

"The Government of India after the most careful consideration have been forced to the conclusion that the conditions which made it necessary to continue the cut in pay throughout 1933-34 at the rate of five per cent. have not improved sufficiently to make it possible for them to recommend the final removal of the cut in the next financial year and they, therefore, propose after consultation with the Secretary of State, to provide for the continuance of the temporary cut at this rate for a further period, that is to say, on pay earned up to 31st March 1935.

In making this announcement the Government of India wish to repeat and emphasize their intention that the remission of the cut in pay should be the first measure to be undertaken when any improvement in their budgetary position justifies relaxation of the various exceptional measures which have had to be undertaken since September 1931."

2. The Governor in Council and acting with his Ministers has similarly decided to provide for a continuance of the temporary cut of 5 per cent. on pay earned up to the 31st March 1935 by Government servants subject to his rule-making control. As at present, His Excellency the Governor, the Members of his Executive Council and the Ministers-in-charge of the transferred departments of Government will forego a similar percentage of their respective salaries.
